

### Prayer for Christmas Celebrations:

*Our Father, I love \_\_\_\_\_ with my whole heart, and I thank You for him and the promises You have given me. I praise You as sovereign LORD, and I ask that You ordain our family times. Please do not allow anything to hinder our time together. Ordain our conversation. Use me to bless but not preach, to love but not smother, and to be used by You and not try to control or change things myself or in my own version of wisdom. I pray that our home will be flooded with peace and joy that only comes from You and that it will remind \_\_\_\_\_ of the peace and joy that results from being in right relationship with You, causing him to long for that again. I also pray that the effects of sin that I witness will not throw me into distress but will simply move me to pray in total faith, committing it all to You, knowing that You have this, You are Faithful, and I can trust You. In Jesus' name I pray. Amen.*
